

Amendments to the Specification:

Please amend the following paragraph beginning at page 2, line 5 as follows:

5 Therefore, ~~the working efficiency is extremely low, and besides there was an~~
~~anxiety that the mounting precision is lowered.~~ Consequently, productivity (working
efficiency) is low, and camera placement accuracy is poor.

Please amend the following paragraph beginning at page 3, line 9 as follows:

10 With such a configuration, the camera module can be easily exchanged when the
camera module is found to be ~~defective,~~ defective.
